

BRIDGE ACROSS SULPHUR RIVER, TEX.

DECEMBER 29, 1920.—Referred to the House Calendar and ordered to be printed.

Mr. RAYBURN, from the Committee on Interstate and Foreign Commerce, submitted the following

REPORT.

[To accompany S. 4588.]

The Committee on Interstate and Foreign Commerce, to whom was referred Senate bill 4588, having considered the same, report thereon with a recommendation that it pass.

The bill has the approval of the War Department, as will appear by the letter attached and which is made a part of this report.

WAR DEPARTMENT, *December 14, 1920.*

Respectfully returned to the chairman Committee on Commerce, United States Senate.

So far as the interests committed to this department are concerned, I do not know of any objection to the favorable consideration by Congress of the accompanying bill, S. 4588, Sixty-sixth Congress, third session, to authorize the construction of a bridge across Sulphur River, Tex.

W. R. WILLIAMS,
Assistant Secretary of War.

○

BRIDGE AT RIVER FALLS, WISCONSIN

The bridge at River Falls, Wisconsin, is a steel truss bridge, built in 1892, and is now in poor condition. It is a single span bridge, 100 feet long, and carries a single track of the Chicago and North Western Railway. The bridge is in need of repair, and it is proposed to build a new bridge to replace it.
